

Gochang Getbol × Healing Art Program

Discovering the Getbol : Art & Healing Journey through Nature

Call for Participants

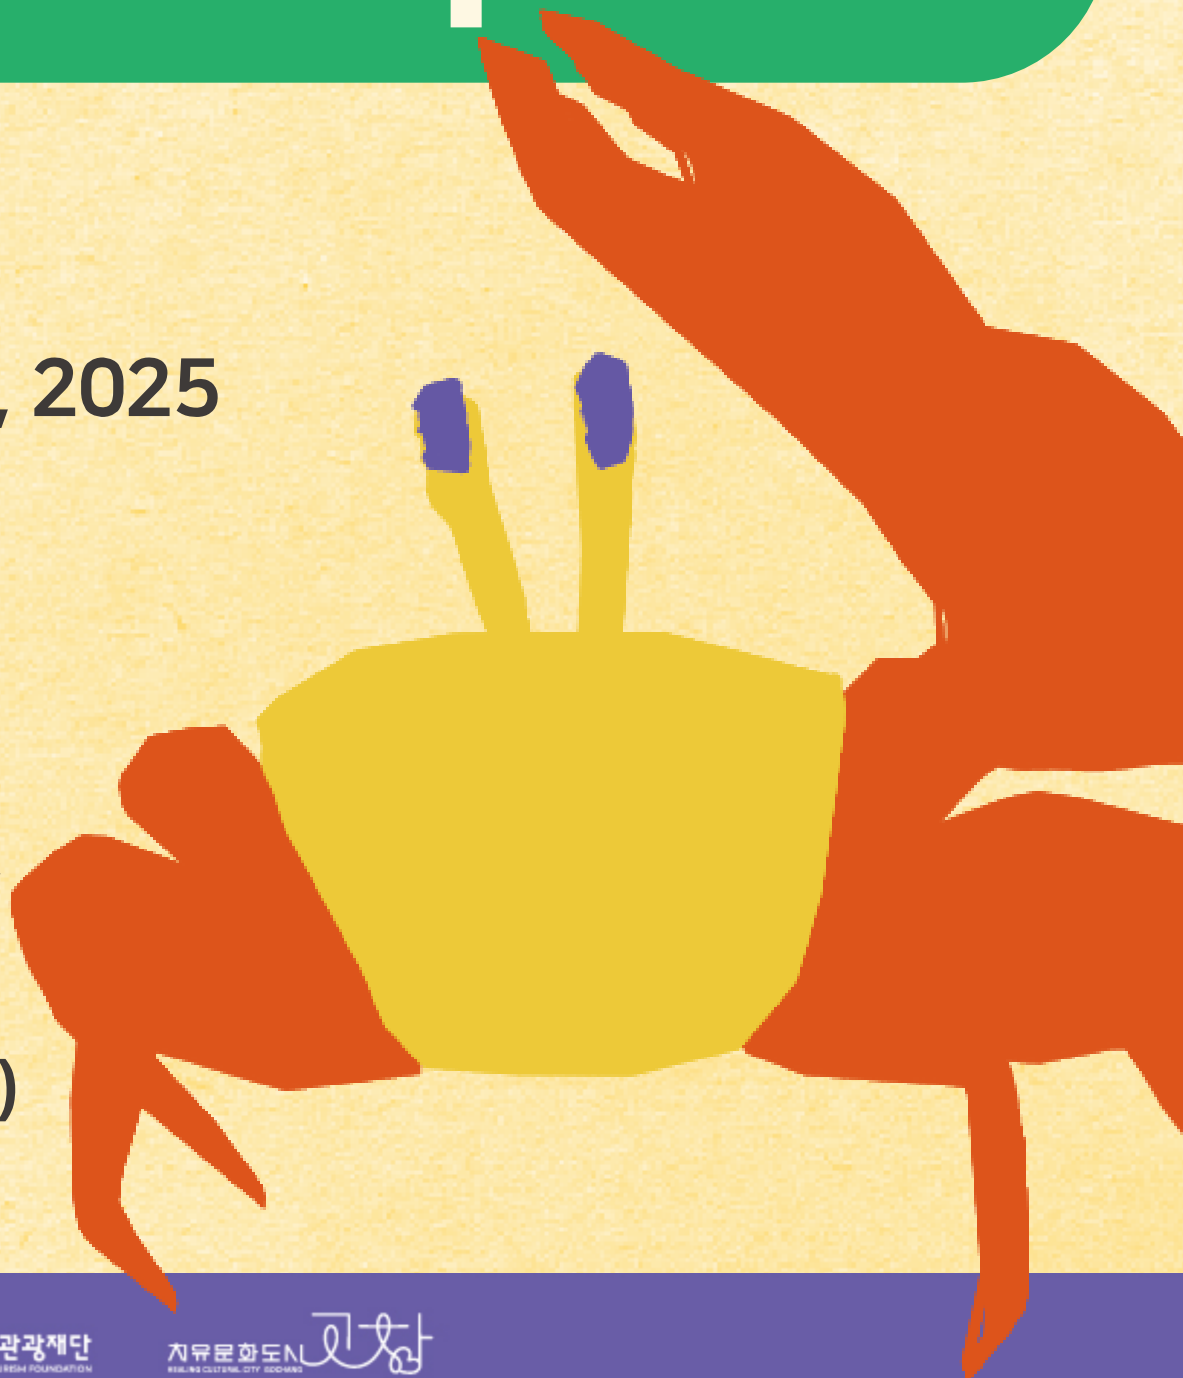

Date

Saturday, November 8, 2025

2:00–4:00 PM

Venue

Seohaerang Rest Area,
Simwon-myeon,
Gochang (385-41 Dueo-ri)

About the Program

This art and healing workshop is inspired by the landscapes and life of the Gochang Getbol — a UNESCO World Heritage coastal wetland.

Participants will create their own miniature Getbol garden using sand, stones, and tiny figurines that represent life within the Getbol.

As you smooth the sand and shape your own landscape, you'll find calm through touch — a meditative moment where art, nature, and emotion meet.
